Strategic Thrust 2 – Nurturing Leaders of Character

International Friendship Day

TPS will be commemorating International Friendship Day (IFD) on 6 and 7 April 2017. This year, the theme is ASEAN 50. As Singapore is an active member of this association, our pupils need to learn from the different experiences of people in our neighbouring countries and continue maintaining good relations with them. A series of exciting activities has been lined up to allow pupils to deepen their understanding of the relations that we share with other countries and reflect on their role in embracing diverse backgrounds. Pupils will have the opportunity to immerse and find out more about ASEAN countries through the Early Bird Programme, recess activity booths and CCE classroom activities. Through IFD, we want to nurture in pupils the spirit of friendship and collaboration with their international peers

Values In Action (VIA) for Primary 2 Pupils

Primary Two pupils will be participating in the upcoming Values In Action initiatives in Keeping The School Canteen Clean. We hope that through the pupils' active participation, pupils will be educated to be socially responsible citizens who are able to contribute meaningfully to the community, through learning and application of values, knowledge and skills. As part of VIA, students get to reflect on their experiences, the values they have put into practice, and how they could continue to contribute meaningfully. The Primary Two classes will take turns during their weekly scheduled time to clean the canteen. As a class, they will be taught how to clean the canteen and what they need to do to always keep their canteen clean.
